ADMIRAL

Making the most of
mathematical talent

What the teachers said last year:

"There is a new spring in our
Maths lessons!"

"It really inspired the students
and the teachers"

"So important to see maths out
of exam context"

"Thank you for yet another
superb show"

Maths Inspiration

For Sixth formers and Year 11s

MATHS AND THE IMAGINATION

Colin Wright and **Rob Eastaway** will take you on a ride through mathematical topics that the curriculum rarely touches. Along the way, you'll encounter thought-provoking puzzles, the mathematics of juggling, games in which the audience can win money (but probably won't) and a discussion of some weird and wonderful theorems. Be prepared to have your imagination well and truly stretched.

There will be plenty of audience interaction, including a dynamic Question & Answer session at the end.

What the students said last year:

"I'm not a great mathematician, but I found the entire experience entertaining and intriguing."

"Is maths fun? No, it's hilarious."

Who's who?

Colin Wright graduated in Pure Mathematics at Monash University, Melbourne, before going on to get a PhD at Cambridge. While there he learned how to fire-breathe, unicycle and juggle. These days he is director of a company that specialises in software for marine radar, but takes time out to give juggling talks all over the world.

Rob Eastaway is an independent lecturer and author whose books on everyday maths include *Why do Buses Come in Threes?* and *How to Take a Penalty*. For several years he set puzzles for *New Scientist* and *The Sunday Times*, and he is often to be heard on radio talking about the maths of everyday life. He is also a keen cricketer.

Booking form: Telford

Please complete and return this form to:

Maths Inspiration, 18 Colwell Road, London SE22 8QP

I would like: Seats

No. of Student Seats: x £4 = (£) (A)

No. of Free Adult Seats:
(1 adult seat free for every 10 pupils)

No. of Paying Adult Seats: x £4 = (£) (B)
(eg 25 pupils with 4 adults means 2 paying adults)

I enclose a cheque made payable to
'Maths Inspiration' for (£) (A + B)
